SLOPES OPEN 09H00 - 16H00 7 DAYS A WEEK

Please be advised that it may take up to an hour to fit and collect your equipment so it is best to make the RENTAL SHOP one of your first stops when visiting the resort.

All slope users require a SNOW PASS which entitles you to use any of the ski lifts as well as access all of the ski slopes. Snow Passes are not included in your ski lessons.

Please note: The T-Bar Ski Lift cannot operate at WIND SPEEDS higher than 45km/h.

Refund policy: Please note that we DO NOT give cash refunds. Snow Passes, Ski Lessons + Rented Equipment will only be refunded in the event of an accident during a ski lesson, provided the request is accompanied by a medical certificate issued by our in house medics.

High winds or mechanical failure may from time to time affect the operation of our lifts but do not qualify for refunds since our team will make every effort to provide alternative lift facilities.
